Safeguarding

Mental Health – Advice for parents and carers

As a parent or carer, you may have concerns regarding your child's mental health. Mental health issues can affect people of any age including children and young people. Concerns can emerge in different forms including eating disorders, obsessive behaviours, self-harming and suicidal ideation.

While it can feel difficult to find help and support there is a lot of information available for parents and carers as well as for children and young people to access. Visit the [NYSCP website](#) for more information and where to go for help.

Out of school achievements

If your child has any out of school achievements, we would love to hear about them. Send pictures and information to admin@sharow.n-yorks.sch.uk
